Progress Report

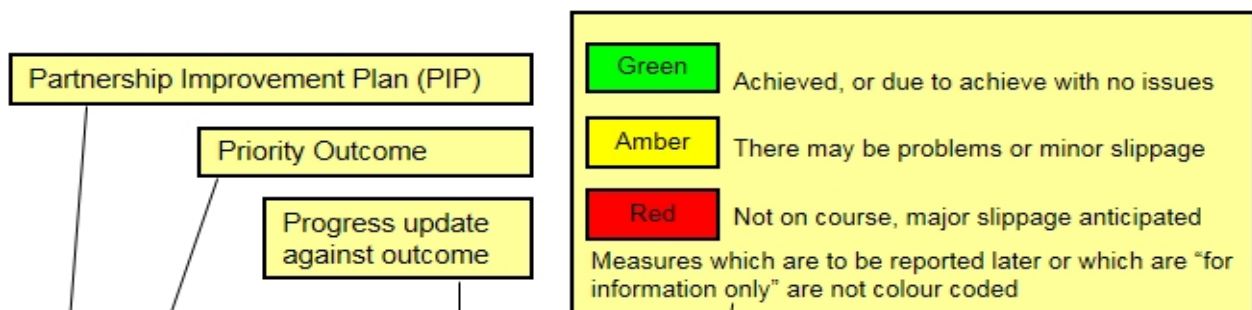

Safer South Lanarkshire PIP

Quarter 4 - 2019-20

How to use this performance report

This performance report is intended to be both informative and easy to use. The guide below is designed to help you get the most out of the report and to answer the most common questions you might have.

Measure Status – are we on course to achieve?
The "traffic light" codes are:

Community Planning Partnership - Partnership Improvement Plans Health and Social Care Partnership PIP									
Priority Outcome 2: Shifting the balance of care from hospital and residential settings to community based alternatives									
Change Required	Indicator / Action	Comments	Status	--- LATEST ---			--- TARGETS ---		
				Baseline	Date	Period	Short (1 yr)	Med (3 yr)	Long (10 yr)
	Monitor the Self Directed Support options that service users and carers are selecting as part of directing their own health and care	Self-directed Support comprises of four funding options. As of 31 March 2018, 380 people were in receipt of Option 1 (Direct Payment). This compares to 357 in the previous quarter. There were 54 service-users using Option 2 (an Individual Service Fund) compared to 55 in the previous quarter. Option 3 relates to council arranged services and Option 4 allows for a mixture of funding options. Option 3 remains the preferred option for service users in South Lanarkshire and reflects the national position.	Green						
Priority Outcome 3: Carers and in particular those on low incomes are fully supported to access financial advice, information and practical wellbeing support									
Change Required	Indicator / Action	Comments	Status	--- LATEST ---			--- TARGETS ---		
				Baseline	Date	Period	Short (1 yr)	Med (3 yr)	Long (10 yr)
Outcome indicators	Increase the number of new carers identified and supported each year through the Third Sector	In 2018 the number of new carers identified has increased to 3,450. There has been a significant increase in the Hamilton/Blantyre area, this could be attributed to outreach collaborative activities and presentations within the locality resulting in new carers accessing our services. Overall there is a 17% increase compared to 2017 figures. Each Quarter Lanarkshire Carers Centre provide a detailed service profile report capturing new carers, carers no longer requiring support, and overall numbers of carers on their carers register.	Green	2017 2,845	3,450	2018	Maintain	Increase	Increase
	Monitor the number of people providing 20 to 49 hours of care per week	There were 5,785 people providing 20 to 49 hours of care per week. As we know this figure could be significantly higher as people who provide care to family members and friends do not always regard themselves as carers.	Contextual	2011 5,785	5,785	2011	Monitor for Contextual Purposes	Monitor for Contextual Purposes	Monitor for Contextual Purposes
	Monitor the number of people providing 50+ hours of care per week	There were 9,030 people providing 50+ hours of care per week. As we know this figure could be significantly higher as people who provide care to family members and friends do not always regard themselves as carers.	Contextual	2011 9,030	9,030	2011	Monitor for Contextual Purposes	Monitor for Contextual Purposes	Monitor for Contextual Purposes
	Maintain the percentage of carers who feel supported to continue in their caring role	At March 2016, 42% of Carers felt they were supported to continue in their caring role. South Lanarkshire is sitting above the Scottish Average of 41%.	Green	2015-16 42% South Lanarkshire Average 41% Scottish Average	42%	2015-2016	Maintain at Scottish Average	Maintain above Scottish Average	Maintain above Scottish Average
	Monitor the number of new carers supported by dedicated Welfare Rights Officers	Even though for 2017-18 we have shown a slight decrease (4.6%) on the baseline figure for 2016-2017, we have increased significantly the amount of backdated benefits claimed from £191,800 (2016-17) to £208,581 (2017-18). This is a very positive outcome for the Carers who have been represented. 				Baseline	Data	Period	Med (3 yr)	Long (10 yr)
Outcome Indicators	Reduce crimes committed under S4 of the Misuse of Drugs Act 1971 - production and supply of drugs by 20%	In 2019-20, 147 crimes were reported relating to the cultivation and production of illicit drugs under S4 of the Misuse of Drugs Act 1971. This is equivalent to 4.61 crimes for every 10,000 of South Lanarkshire's population. This is a reduction in the rate of crime from the baseline (5.07 crimes per 10,000 population) and we have exceeded progress against our Year Three target (4.76 crimes per 10,000 population). This has been recorded 'green' for good progress and we are well placed to achieve our Year Ten target. (Provisional data subject to publication of reported Police Scotland statistics in October 2020).	Green	2014-17 3-yr average 5.07 per 10,000 population	4.61 per 10,000	2019/20	4.76 per 10,000 population	4.05 per 10,000 population
	Reduce crimes committed under S5(2) of the Misuse of Drugs Act 1971 - possession of drugs by 20%	In 2019-20, 1,699 crimes were reported relating to drug possession under S5(2) of the Misuse of Drugs Act 1971. This is equivalent to 53.3 crimes for every 10,000 of South Lanarkshire's population. This is a reduction in the rate of crime from the baseline (60.2 crimes per 10,000 population) and we have exceeded progress against our Year Three target (56.6 crimes per 10,000 population). This has been recorded 'green' for good progress and we are well placed to achieve our Year Ten target. (Provisional data subject to publication of reported Police Scotland statistics in October 2020).	Green	2014-17 3-yr average 60.2 per 10,000 population	53.3 per 10,000	2019/20	56.6 per 10,000 population	48.1 per 10,000 population
	Reduce crimes committed under S5(3) of the Misuse of Drugs Act 1971 - possession with intent to supply by 20%	In 2019-20, 86 crimes were reported relating to drug supply under s5(3) of the Misuse of Drugs Act 1971. This is equivalent to 2.70 crimes for every 10,000 of South Lanarkshire's population. This is an increase in the rate of crime from the baseline (2.10 crimes per 10,000 population) preventing us from meeting our Year Three target (1.72 crimes per 10,000 population). This has been recorded as 'red' to reflect declining progress towards our Year Ten target. (Provisional data subject to publication of reported Police Scotland statistics in October 2020).	Red	2014-17 3-yr average 2.10 per 10,000 population	2.70 per 10,000	2019/20	1.72 per 10,000 population	0.84 per 10,000 population
	Reduce crimes committed under S4 of the Misuse of Drugs Act 1971 - production and supply of drugs (accused aged under 25 years) by 20%	In 2019-20, 27 crimes were reported relating to the cultivation and production of illicit drugs under S4 of the Misuse of Drugs Act 1971 where offenders were under 25 years of age. This is equivalent to 3.12 crimes for every 10,000 of South Lanarkshire's population aged under 25 years. This is a reduction in the rate of crime from the baseline (4.95 crimes per 10,000 population) and we have exceeded progress against our Year Three target (4.65 crimes per 10,000 population). This has been recorded 'green' for good progress and we are well placed to achieve our Year Ten target. (Provisional data subject to publication of reported Police Scotland statistics in October 2020).	Green	2014-17 3-yr average 4.95 per 10,000 population (<25 years)	3.12 per 10,000	2019/20	4.65 per 10,000 population (<25 years)	3.96 per 10,000 population (<25 years)

Priority Outcome 1: Contribute to reducing the health, social and economic harm caused by drug misuse

Change Required	Indicator / Action	Comments	Status	--- LATEST ---			--- TARGETS ---	
				Baseline	Data	Period	Med (3 yr)	Long (10 yr)
	Reduce crimes committed under S5(2) of the Misuse of Drugs Act 1971 - possession of drugs by 20% (accused aged under 25 years)	In 2019-20, 532 crimes were reported relating to drug possession under S5(2) of the Misuse of Drugs Act 1971 where offenders were under 25 years of age. This is equivalent to 61.4 crimes for every 10,000 of South Lanarkshire's population aged under 25 years. This is a reduction in the rate of crime from the baseline (87.2 crimes per 10,000 population) and we have exceeded progress against our Year Three target (82.0 crimes per 10,000 population). This has been recorded 'green' for good progress and we are well placed to achieve our Year Ten target. (Provisional data subject to publication of reported Police Scotland statistics in October 2020).	Green	2014-17 3-yr average 87.2 per 10,000 population (<25 years)	61.4 per 10,000	2019/20	82.0 per 10,000 population (<25 years)	69.8 per 10,000 population (<25 years)
	Reduce crimes committed under S5(3) of the Misuse of Drugs Act 1971 - possession with intent to supply by 20% (accused aged under 25 years)	In 2019-20, 30 crimes were reported relating to drug supply crime under S5(3) of the Misuse of Drugs Act 1971 where offenders were under 25 years of age. This is equivalent to 3.46 crimes for every 10,000 of South Lanarkshire's population aged under 25 years. This is an increase in the rate of crime from the baseline (2.55 crimes per 10,000 population) preventing us from meeting our Year Three target (2.40 crimes per 10,000 population). This has been recorded as 'red' to reflect declining progress towards our Year Ten target. (Provisional data subject to publication of reported Police Scotland statistics in October 2020).	Red	2014-17 3-yr average 2.55 per 10,000 population (<25 years)	3.46 per 10,000	2019/20	2.40 per 10,000 population (<25 years)	2.04 per 10,000 population (<25 years)
Children and young people develop an increased awareness of drugs (as defined within the Misuse of Drugs Act 1971 and the Psychoactive Substances Act 2016) building resilience against drug misuse	To deliver educational workshops to school pupils within identified local communities to increase the number of preventative workshops delivered to identified schools	In 2018/19, 48 Drug Education Workshops were held across four secondary schools in South Lanarkshire in areas where drug crime and drug related death is most prevalent. The initiative is aimed at children and young people aged 11 to 15 years to educate them on the harm and consequences of drugs to enable them build resilience against drug misuse. This is recorded for contextual reporting only. Baselines and targets to be established with performance reporting from 2022-23.	Green	---	---	---	---	---
	To deliver educational workshops to school pupils within identified local communities to increase the number of pupils who attended preventative workshops	The Drug Education Workshop is an initiative aimed at children and young people aged 11 to 15 years. It seeks to educate them on the harm and consequences of drugs to enable them to build resilience against drug misuse. In school session 2018/19, 1,156 young people participated in the Drug Education Workshop; a 16% (157 participants) rise from the previous year.	Green	---	---	---	---	---
	To deliver educational workshops to school pupils within identified local communities to measure the number of pupils eligible for the programme against the number who participated	It is proposed to remove this target as robust information is not available. This will be proposed to the Safer South Lanarkshire Board. If appropriate, an alternative will be identified and proposed, for approval.	Report Later	---	---	---	---	---

Community Planning Partnership - Partnership Improvement Plans Safer South Lanarkshire PIP

Priority Outcome 2: Contribute to reducing both the prevalence and impact of domestic abuse upon victims, children, families and communities

Change Required	Indicator / Action	Comments	Status	--- LATEST ---			--- TARGETS ---	
				Baseline	Data	Period	Med (3 yr)	Long (10 yr)
Outcome Indicators	Increase the number of new domestic abuse referrals to partner agencies by 40%	This data is no longer collated locally but is submitted to the Improvement Service as part of statutory reporting of Gender Based Violence. It is proposed to report on a new indicator "Number of women and children affected by Violence Against Women and Girls who are referred to specialist service for support." Data will be available for 2019-20 in August 2020. It is proposed that this will be reported on commencing 2020-21 for context only until there is a three-year dataset to develop baselines and targets.	Contextual	2014-17 (3 yr average) 153.2 per 10,000 population	-----		165.5 per 10,000 population	208.4 per 10,000 population
	Increase the number of domestic abuse incidents reported to the Police by 10%	In 2019-20, 3,602 domestic abuse incidents were reported. This is equivalent to 112.9 incidents for every 10,000 of South Lanarkshire's population. This is an increase in the rate of reporting from the baseline (101.2 incidents per 10,000 population) and we have exceeded reporting levels against our Year Three target (105.8 incidents per 10,000 population). This has been recorded 'green' for good progress and we are well placed to achieve our Year Ten target. (Provisional data subject to publication of reported Police Scotland statistics in October 2020).	Green	2014-17 (3 yr average) 101.2 per 10,000 population	112.9 per 10,000	2019/20	105.8 per 10,000 population	116.5 per 10,000 population
	Monitor the number of domestic abuse incidents reported to the Police (victim aged less than 19 years)	In 2019-20, there were 103 victims of domestic abuse incidents aged under 19 years equivalent to a rate of 15.74 crimes for every 10,000 people aged under 19 years. 93 of these were women. Eleven of the victims were aged under 16 years. Contextual reporting from 2019-20. Baselines and targets to be established with performance reporting from 2020-21 to allow the Mentors in Violence Prevention Initiative time to embed.	Contextual	Not Established - will report from 2020-21 to allow baselines and targets to be established and allow initiatives to embed.	103 per 10,000	2019/20	N/A	N/A
	Monitor the number of domestic abuse incidents reported to the Police (offender aged less than 19 years)	In 2019-20, there were 52 perpetrators of domestic abuse incidents aged under 19 years equivalent to a rate of 7.95 crimes for every 10,000 people aged under 19 years. 43 of these were men. Seven of the perpetrators were aged under 16 years. Contextual reporting from 2019-20. Baselines and targets to be established with performance reporting from 2020-21 to allow the Mentors in Violence Prevention Initiative time to embed.	Contextual	Not Established - will report from 2020-21 to allow baselines and targets to be established and allow initiatives to embed.	52 per 10,000	2019/20	N/A	N/A

Change Required	Indicator / Action	Comments	Status	--- LATEST ---			--- TARGETS ---	
				Baseline	Data	Period	Med (3 yr)	Long (10 yr)
	Monitor the number of crimes reported to the Police under the Domestic Abuse (Scotland) Act 2018 (All)	In 2019-20, 56 domestic abuse crimes were reported, equivalent to a rate of 1.76 crimes per 10,000 population. Fifty-five of these crimes were against women. This is the first year of contextual reporting. Baselines and targets will be established and full performance reporting will commence in 2022-23. (Provisional data subject to publication of reported Police Scotland statistics in October 2020).	Contextual	Not established as legislation not in force. Will report from 2022-23 to allow baselines and targets to embed.	56 per 10,000	2019/20	N/A	N/A
	Monitor the number of crimes reported to the Police under the Domestic Abuse (Scotland) Act 2018 (victim aged less than 19 years)	There were 56 domestic abuse crimes reported in 2019-20 equivalent to a rate of 1.76 crimes for every 10,000 population. Two of the crimes were against victims aged under 19 years. Contextual reporting from 2019-20 for information only. New legislation came into force in 2019. Baselines and targets to be established with performance reporting from 2022-23.	Contextual	Not established as legislation not in force. Will report from 2022-23 to allow baselines and targets to embed.	-----		N/A	N/A
	Monitor the number of crimes reported to the Police under the Domestic Abuse (Scotland) Act 2018 (offender aged less than 19 years)	There were 56 domestic abuse crimes reported in 2019-20 equivalent to a rate of 1.76 crimes for every 10,000 population. Two of the crimes were perpetrated by offenders aged under 19 years. Contextual reporting from 2019-20 for information only. New legislation came into force in 2019. Baselines and targets to be established with performance reporting from 2022-23.	Contextual	Not established as legislation not in force. Will report from 2022-23 to allow baselines and targets to embed.	-----		N/A	N/A
To promote healthy relationships among children and young people to prevent domestic abuse occurring	To maintain the delivery of the Mentors in Violence Prevention programme within identified secondary schools	11 secondary schools in South Lanarkshire participate in the Mentors in Violence Prevention programme. This is above the target level of maintaining 10 participating schools and has been recorded 'green' to reflect good progress.	Green	---	---	---	---	---
To increase awareness amongst professionals of the dynamics of domestic abuse to support them to identify the signs of abuse at an earlier stage enabling early intervention	To increase the number of multi-agency professionals engaged in domestic abuse learning and development opportunities	409 professionals received domestic abuse training and professional development opportunities in 2019/20: a 13% increase from the baseline. This has been recorded as 'green' to reflect continuing good progress increasing participation from baseline levels.	Green	---	---	---	---	---

Community Planning Partnership - Partnership Improvement Plans Safer South Lanarkshire PIP

Priority Outcome 2: Contribute to reducing both the prevalence and impact of domestic abuse upon victims, children, families and communities

Change Required	Indicator / Action	Comments	Status	--- LATEST ---			--- TARGETS ---	
				Baseline	Data	Period	Med (3 yr)	Long (10 yr)
To embed a consistent and effective multi-agency structure to support high risk victims of domestic abuse	To maintain the number of victims of domestic abuse discussed at a Multi-Agency Risk Assessment Conference (MARAC)	A Multi-Agency Risk Assessment Conference [MARAC] is a victim focused information sharing and risk management meeting to discuss high risk domestic abuse cases. In 2019/20, 298 victims of domestic abuse were discussed at a MARAC. This is higher than our baseline measure of 269 that we seek to maintain. This has been recorded 'green' to reflect good progress.	Green	---	---	---	---	---

Priority Outcome 3: Contribute to making people safe and feel safe using roads in South Lanarkshire

Change Required	Indicator / Action	Comments	Status	--- LATEST ---			--- TARGETS ---	
				Baseline	Data	Period	Med (3 yr)	Long (10 yr)
Outcome Indicators	Reduce road accident casualties - all killed	In 2019, there were 13 people killed in road traffic accidents. This is a 19% (three fatalities) reduction from the baseline of 16 fatalities but is below our Year Three target of a maximum of ten fatalities by 2020). This has been recorded as 'red' to reflect declining progress. (Provisional data subject to publication of Transport Scotland's Reported Road Casualties Report in October 2020).	Red	2004-08 4-yr average 16 people	13 people	2019/20	10 people	Not established Targets are based on the Scottish Government's National 2020 targets
	Reduce road accident casualties - all seriously injured	In 2019, there were 95 seriously injured road traffic casualties. This is a 21% (26 casualties) reduction from the baseline of 121 casualties but is below our Year Three target of 54 casualties by 2020. This has been recorded as 'red' to reflect declining progress. (Provisional data subject to publication of Reported Road Casualties Report in October 2020).	Red	2004-08 4-yr average 121 people	95 people	2019/20	54 people	Not established Targets are based on the Scottish Government's National 2020 targets
	Reduce road accident casualties - children (<16) killed	In 2019, no children were killed in road traffic accidents. This is a reduction from our baseline that is set at a maximum of one child fatality. However, it is below the national target of not exceeding one child fatality over a three-year period. This has been recorded as 'amber' to acknowledge the good progress during 2019 and our ability to meet the national target by the end of 2020. (Provisional data subject to publication of Reported Road Casualties Report in October 2020).	Amber	2004-08 4-yr average 1 people	0 people	2019/20	0.5 people	Not established Targets are based on the Scottish Government's National 2020 targets
	Reduce road accident casualties - children (<16) seriously injured	In 2019, there were 13 seriously injured road traffic child casualties. This is a 24% reduction (four casualties) from the baseline of 17 casualties but is below our Year Three target of a maximum of six casualties by 2020. This has been recorded as 'red' to reflect declining progress. (Provisional data subject to publication of Reported Road Casualties Report in October 2020).	Red	2004-08 4-yr average 17 people	13 people	2019/20	6 people	Not established Targets are based on the Scottish Government's National 2020 targets

Priority Outcome 3: Contribute to making people safe and feel safe using roads in South Lanarkshire

Change Required	Indicator / Action	Comments	Status	--- LATEST ---			--- TARGETS ---	
				Baseline	Data	Period	Med (3 yr)	Long (10 yr)
Promote safe driving and pedestrian behaviours	To provide road education information and undertake awareness raising in relation to the risks of road accidents associated with road speed and road conditions	The Pass Plus Scheme is an initiative aimed at newly qualified drivers aged 17 years to 25 years. In 2019, 51 participants successfully completed the course. This is equivalent to the number completing in 2018 (also, 51) and lower than the baseline (79). In recent years take up has declined, a main reason being the cost to participate. It is proposed to identify an alternative intervention from a range of road safety interventions to more effectively demonstrate progress. This will be subject to approval by the Safer South Lanarkshire Board, and reporting against Pass Plus would continue directly via the Road Safety Forum.	Red	---	---	---	---	---
	To provide road education information and undertake awareness raising in relation to the dangers of risk taking behaviours of both vehicle drivers and pedestrians	The Pass Plus Scheme is an initiative aimed at newly qualified drivers aged 17 years to 25 years. In 2019, 51 participants successfully completed the course. This is equivalent to the number completing in 2018 (also, 51) and lower than the baseline (79). In recent years take up has declined, a main reason being the cost to participate. It is proposed to identify an alternative intervention from a range of road safety interventions to more effectively demonstrate progress. This will be subject to approval by the Safer South Lanarkshire Board, and reporting against Pass Plus would continue directly via the Road Safety Forum.	Red	---	---	---	---	---

Priority Outcome 4: Contribute to reducing the risk of unintentional injuries within the home environment

Change Required	Indicator / Action	Comments	Status	--- LATEST ---			--- TARGETS ---	
				Baseline	Data	Period	Med (3 yr)	Long (10 yr)
Outcome Indicators	Maintain emergency admissions rates for unintentional injury among people aged 65+ years	In 2018-19, there were 1,635 emergency admissions relating to unintentional injuries among people aged 65 years and over. This is equivalent to a rate of 26.7 admissions for every 1,000 of South Lanarkshire's population aged 65 years and over. This is a reduction in the rate of unintentional injuries admissions from the baseline (26.9 admissions per 1,000 population) and we have exceeded progress against our Year Three target (26.9 admissions per 1,000 population). This has been recorded 'green' for good progress and we are well placed to achieving our Year Ten target.	Green	2016-17 26.9 per 1,000 population (65+ years)	26.7 per 1,000	2018/19	26.9 per 1,000 population (65+ years)	26.9 per 1,000 population (65+ years)

Priority Outcome 4: Contribute to reducing the risk of unintentional injuries within the home environment

Change Required	Indicator / Action	Comments	Status	--- LATEST ---			--- TARGETS ---	
				Baseline	Data	Period	Med (3 yr)	Long (10 yr)
	Maintain emergency admissions rates for unintentional injury arising through falls among people aged 65+ years	In 2018-19, there were 1,341 emergency admissions relating to falls injury among people aged 65 years and over. This is equivalent to a rate of 21.9 admissions for every 1,000 of South Lanarkshire's population aged 65 years and over. This is equal to the rate of unintentional injuries admissions from the baseline (21.9 admissions per 1,000 population) and we have met our Year Three target (21.9 admissions per 1,000 population). This has been recorded 'green' for good progress and we are well placed to achieving our Year Ten target.	Green	2016-17 21.9 per 1,000 population (65+ years)	21.9 per 1,000	2018/19	21.9 per 1,000 population (65+ years)	21.9 per 1,000 population (65+ years)
Reduce the incidence of trips and falls within the home among residents aged 65+ years	To undertake a Community Safety Home Visit intervention to increase the number of home safety visits undertaken among residents aged 65+ to prevent a trip or fall at home	Not established. The current functionality of the Scottish Fire and Rescue's information management system does not allow for information on the number of home safety visits undertaken nor the age group of those receiving the intervention to be collated. This would require further system development. An alternative intervention will be identified and proposed to the Safer South Lanarkshire Board for its approval. Reporting against new intervention indicators would begin from 2020/21.	Report Later	---	---	---	---	---

Priority Outcome 5: Contribute to reducing the impact antisocial behaviour has on people's lives

Change Required	Indicator / Action	Comments	Status	--- LATEST ---			--- TARGETS ---	
				Baseline	Data	Period	Med (3 yr)	Long (10 yr)
Outcome Indicators	Reduce the number of reported crimes of drinking in a designated public place recorded by Police Scotland by 50% (offender aged <25 years)	In 2019-20, 135 crimes were reported relating to drinking in a public place. This is equivalent to 15.6 crimes for every 10,000 of South Lanarkshire's population. This is a reduction in the rate of crime from the baseline (36.1 crimes per 10,000 population) and we have exceeded progress against our Year Three target (30.7 crimes per 10,000 population). This has been recorded 'green' for good progress and we are well placed to achieve our Year Ten target.	Green	2014-17 3-yr average 36.1 per 10,000 population	15.6 per 10,000	2019/20	30.7 per 10,000 population (< 25 years)	18.1 per 10,000 population (< 25 years)
	Reduce the number of general acute alcohol-related hospital new patient admissions due to acute intoxication by 10%	There were 240 new patient admissions for binge drinking in South Lanarkshire in 2018-19. This is equivalent to a rate of 7.52 alcohol related admissions for every 1,000 admissions. This is an increase against the baseline (6.62 for every 1,000 admissions) and is below the Year Three target (6.42 for every 1,000 admissions). This has been recorded as 'red' to reflect declining progress towards our Year Ten target. [A new patient is an individual who has never been admitted to hospital for that reason previously, or within the previous ten years].	Red	2014-17 3-yr average 6.62 per 10,000 population	7.52 per 10,000	2018/19	6.42 per 10,000 population	5.96 per 10,000 population

				Baseline	Data	Period	Med (3 yr)	Long (10 yr)
	Reduce the number of deliberate secondary refuse fires attended by Scottish Fire and Rescue Service by 5%	In 2019-20, 442 deliberate secondary refuse fires were attended by the Fire Service. This is equivalent to a rate of 13.9 refuse fires for every 10,000 of South Lanarkshire's population. This is a reduction in the rate of deliberate refuse fire setting from the baseline (15.8 fires per 10,000 population) and we have exceeded progress against our Year Three target (15.6 fires per 10,000 population). This has been recorded 'green' for good progress and we are well placed to achieve our Year Ten target.	Green	2014-17 3-yr average 15.8 per 10,000 population	13.9 per 10,000	2019/20	15.6 per 10,000 population	15.0 per 10,000 population
	Reduce the number of reported crimes of wilful fire-raising recorded by Police Scotland by 5%	In 2019-20, 169 crimes were reported relating to wilful fire raising. This is equivalent to 5.30 crimes for every 10,000 of South Lanarkshire's population. This is a reduction in the rate of crime from the baseline (5.63 crimes per 10,000 population) and we have exceeded progress against our Year Three target (5.55 crimes per 10,000 population). This has been recorded 'green' for good progress and we are well placed to achieve our Year Ten target.	Green	2014-17 3-yr average 5.63 per 10,000 population	5.30 per 10,000	2019/20	5.55 per 10,000 population	5.35 per 10,000 population
Promote positive drinking behaviours among young people	Prevention and early intervention on the dangers of alcohol consumption on young people including to deliver alcohol awareness drama to all S1 and S2 pupils in identified South Lanarkshire secondary schools to educate in relation to alcohol consumption and health and personal safety	"Is this me?" is a school alcohol drama aimed at S1 pupils in South Lanarkshire that seeks to give young people more confidence to say 'no' to being involved in under-age drinking or participating in anti-social behaviour. It covers issues around alcohol use including health impacts, peer pressure, and the consequences for themselves and others of under-age drinking. The school was delivered to all 19 participating schools. This has been recorded 'green' to reflect good progress.	Green	---	---	---	---	---
Promote responsible behaviours among young people in relation to fire safety	Prevention and early intervention on the dangers of fire setting and encouraging responsible behaviour including to deliver the Fire Reach programme to targeted young people to prevent recurrence of fire-related antisocial behaviour	Fire Reach is a national initiative seeking to prevent young people engaging in antisocial behaviour and is aimed at young people with a history of antisocial behaviour. The programme helps develop young people, for example improving their teamworking, leadership, and communication skills. Seven Fire Reach courses were delivered in 2019/20 and a total of 70 young people participated. This exceeds the annual target of three and has been recorded 'green' to reflect good progress.
